Training Methodology:

Anudip's digital livelihoods program follows a technology-driven, blended learning methodology that has evolved based on employer and student feedback, team evaluation, and impact studies conducted externally and internally. Anudip team continuously tries to align with changing job markets, digital trends, employer demand, and the state of the training technology worldwide. Anudip utilizes its multimedia and game based learning programs which allows them to retain the learnings more effectively. This industry-aligned digital skills training program will train these young people through self-paced and digitized multimedia content in video, audio, presentation, and interactive content which will enable students to be attracted to and enjoy their classroom.

Program Deliverables:

To impart market ready skill development and training program for Minimum 50 (Fifty) Students. The entire program to be completed by 31/09/2022. The entire agreement is to be successfully completed by 31/09/2022.

Training location:

- All training activities either in the college premises or at our centre should be conducted with due knowledge to Training and Placement cell of Smt. Parneshwaridevi Durgadutt Tibrewala Lions Juhu College of Arts, Commerce and Science.
- For online training will be conducted at online based on current requirements of virtual classes.

NUSSD

National University Students'
Skill Development Programme

Skilling and Empowering Youth For A Better Tomorrow

The Tata Institute of Social Sciences (TISS), in consultation with the Ministry of Youth Affairs & Sports (GoI) and the National Skill Development Agency (NSDA), started a project, titled 'The National University Students Skill Development (NUSSD)' by introducing "Skill Training" for college students so that the graduating youth acquire job related skills through immersive projects.

Amelia
SANGHVI
Tata Institute of Social Sciences
Department of Commerce & Science
Vashi, Maharashtra (East),
Maharashtra - 400 859.

WHY NUSSD?

The employability of India's university graduates continues to remain weak even while there is an acute shortage of skilled manpower in an increasing number of high demand sectors. The youth is thus disillusioned about job opportunities post their studies. Unfortunately, though they have educational degrees, they lack skills and the experience to get employed.

Overall, NUSSD is aimed at:

- Helping students gain sustainable and relevant employable skills along with their degree to find work after graduation
- Capacity building of the Youth to be responsible citizens
- Positioning the Youth as Agents of Social and Economic Transformation

Courses Offered

NUSSD courses have an integrated framework that pedagogically links academic course content, skill training and application as a unique educational experience. They have been designed in a modular, interlinked and iterative manner; cumulatively building knowledge, skills, and competencies; administered through classes and field work.

Placement Support

NUSSD programme supports students by conducting Pool campus and Off campus placements to place at least 70 percent of its students in meaningful jobs. By engaging the college and students' core committee in placement process, TISS also supports and strengthens the existing placement cells in the colleges and universities where the programme is being conducted.
