## SUMMARY REPORT ON

### TISS NUSSD PROGRAMME (SECOND YEAR STUDENTS)

#### CERTIFICATE IN MANAGEMENT AND SOFT SKILLS

English Communication is one of the prominent courses of the National University Students' Skill Development programme, which is a notable outcome of the initiative of the Ministry of Youth Affairs and Sports in collaboration with the National Skill Development Agency (NSDA). I compliment the Ministry of Youth Affairs and Sports, and NSDA on launching a programme of prime national importance. This ambitious project, which is at the cutting edge of skill and language development, is a dynamic collaboration between the English and Foreign Languages University (EFLU) and the Tata Institute of Social Sciences (TISS), Mumbai. The course itself is the result of a series of meetings between EFLU and representatives of NSDA and TISS. The primary aim of the course is to help undergraduate students across the country improve their communication skills in general and employability skills in particular. As language learning is chiefly skill-based, the student's book has been specifically designed as a series of activities intended to give learners crucial practice in using English effectively. In addition to the Student Activity Book, there is a supporting Teacher's Handbook that is designed to enable teachers to help students maximize their learning on the course.

#### OUTCOME

- locate and understand specific information contained in notices, instructions, signs, product descriptions;
- locate and understand information contained in simple informative texts (e.g. newspaper stories, encyclopedias, and short descriptive reports on familiar matters; and infer the meaning of words from context.

## **SUUMARY REPORT**

### **TISS NUSSD PROGRAMME**

#### **DIPLOMA IN BANKING AND FINANCIAL SERVICES(FOR THIRD YEAR STUDENTS)**

The employability of India's university graduates continues to remain weak even while there is an acute shortage of skilled manpower in an increasing number of high demand sectors. The youth are thus disillusioned about job opportunities post their studies. Though they have educational degrees, they lack the skills and the experience to get employed. The Tata Institute of Social Sciences has been working to reach the youth through an innovative programme called 'National University Students; Skill Development (NUSSD)' for the same purpose. The aim is to enable the youth enrolled in the various degree programs in Colleges and Universities in India to acquire skills that would give them a Certificate/Diploma in a specific high demand domain area in addition to their degree. Students will be introduced to holistic education which encompasses components of employment oriented training, exposure to community services, life skills training and civic education to fulfill the changing requirement of higher education and thereby bringing about vocationalisation of higher education. Eventually, this programme is poised to cover all the youth in the university system wanting to enhance their employment potential by gaining skills along with a graduate degree in their chosen discipline.

#### **OUTCOME:**

- Having a Powerful TISS Certification on their CVs gives them, a competitive advantage over their peers.
- The Online Sessions by seasoned Finance Professionals' empower them with world class, comprehensive learning experience.
- This enrollment will not only help them in their ongoing studies, understanding the concepts well, but also will help them get better grades, in the forthcoming Final Year Examination.

## Report of workshop on "Guidance on Research Paper & Project writing"

Research Cell and IQAC of our College organized a workshop on "Guidance on Research paper and Project writing on 21<sup>st</sup> December, 2019.

The main aim of this workshop was to guide and enhance the skill of writing research paper and project. In different faculties, student are required to do project work as a part of the syllabus, students and faculty members, also prepare Research Papers as part of the academic growth. This workshop was to guide and help them in these areas and to strengthen them in Higher Education.

The schedule of the workshop comprised of two sessions followed by Interactive session. Total 102 students from the College as well as 04 students and a Professor from other Colleges participated in this workshop.

The resource person of the first session was Dr. Swati Desai, who spoke on "Research Paper writing". She elaborated various important aspects of writing a Research Paper. It was an informative talk where she minutely explained and cleared the doubts of all the size components of the research paper.

In session two Dr. Allan D'Souza spoke on "Project writing in a very interesting, systematic and impressive manner. He cited many real life examples to explain the topic. At the end, he interacted with the audience and cleared the doubts.

### Workshop outcome:

The workshop provided an opportunity to students, researchers and faculty members to know the different aspects of Research paper & Project writing. They were inspired to do the Project & research in their areas. All the students were very much benefited and we are sure that they will produce good projects for their career. The feedback from the audience was excellent and they found it informative and interesting. The workshop was successful to serve its purpose and motivated the organizing committee to organize more similar workshops.
